

INCIDENT REPORT

GENERATOR HIRE

Client

Generator Hire Company

Event

On 6 May 2015 at 1am the Mtrack control room received a motion alarm from a generator on a trailer.

The generator was travelling towards Johannesburg South.

The client was contacted, who confirmed that the generator should not be moving. A recovery team on the route that the generator was travelling was mobilised.

50 minutes later the generator stopped. The agents arrived at the premises to find that it was locked.

The client was requested to get a case number in order for the agents to be able to enter. The SAPS arrived to assist.

The generator and trailer were found.

Two suspects were arrested, one being the owner of the vehicle used to tow the generator.

Value

Approximately R380,000

THIS WAS THE 19TH RECOVERY MTRACK HAS ACHIEVED FOR THIS CLIENT!!

Mtrack is a self-contained, self-powered, wireless location unit with the best recovery rate in the world – 8 year rolling average of 98%!
